EDUCATION

Information Technology Institute (ITI)

Smart Village — 9-Month Diploma
OCTOBER 2022 - JULY 2023
AI & ML

Modern Academy

Maadi — B.Sc. C.S.
SEPTEMBER 2018 - JULY 2022
Computer Science, GPA: 3.9

Graduation Project: Arabic OCR

Using deep learning algorithms to an
optical character recognition,
recognize and perform automated
conversion on hand written and
printed Arabic words.
Grade: A+

Saint Mary Language School

Helwan — Secondary Certificate
SEPTEMBER 2004 - SEPTEMBER 2018

SKILLS

ML:

Predictive Modeling - Regression
- Classification - Clustering
Models - Data visualization -
Web scraping - PySpark.ML

Programming:

Python - flask
php - laravel
Javascript - node - react
Full Stack web development
Linux - git

Productivity:

Learning super fast
Time management and
organizing
Effective Planning

Languages:

Arabic - Native
English - Fluent

OBJECTIVE

To work as a Machine Learning Engineer for a place where I will be able to offer my skills in coding and handling data, build a long-term career with opportunities, and enhance my educational and professional skills.

WORK EXPERIENCE

Online Coding Instructor — CodeCombat

NOVEMBER 2021 - PRESENT

- Instructed students aged 6-17
- Promoted passion for Computer Science amongst our students
- I made advanced coding slides for Online Classes and it helped other teachers and amazed the higher board
- Parents told me I have the patience of a saint

Session Lead — Udacity

OCTOBER 2022 - FEBRUARY 2023

- Coached the younger generation as a part of the DECI initiative, and taught a wide variety of CS concepts

INTERNSHIPS

Summer Academy Trainee — DELL Technologies

AUGUST 2021 - SEPTEMBER 2021

- Training for ISM certificate

Back End Intern — ATW

JULY 2021 - AUGUST 2021

- Improve my skills and gain more experience
- Work with the department on projects related to backend
